## **TWO TEMPORARY ASSISTANT PROFESSORS OF MATHEMATICS EDUCATION**

**Position:** We invite applications for two temporary assistant professors of mathematics education to begin in August 2010. The positions are not tenure-track and are for one year only. We anticipate being able to offer a second year of employment, contingent on funding and satisfactory performance. These are academic year appointments with the possibility of summer employment.

**Qualifications:** A doctorate in mathematics education or related field is required, and graduate-level study in mathematics is expected. An active record of scholarship and productivity commensurate with experience is required. School mathematics teaching experience is expected.

**Responsibilities:** This position is 50% instruction and 50% research. Primary responsibilities for teaching include 4 courses per year in undergraduate mathematics education programs for elementary, middle, or secondary school teachers; courses in graduate mathematics teacher education programs; and advisement of undergraduate and graduate students. Primary responsibilities for research include conducting an active research program in mathematics education and publishing/presenting scholarly work. Service to the institution and profession is also expected. Information about the mathematics education program is available at <http://www.coe.uga.edu/mse/math/index.html>.

**Procedure:** Submit a letter of application, curriculum vita, transcripts for all degrees earned (unofficial transcripts accepted), a statement of professional goals, a sample of published scholarly writing, and three letters of reference to Dr. Leslie P. Steffe, Chair of the Search Committee, Department of Mathematics and Science Education, 105 Aderhold Hall, University of Georgia, Athens, GA 30602-7124. Electronic submission of materials is acceptable; email them to [mse@uga.edu](mailto:mse@uga.edu). For inquiries about the position, contact Les Steffe via e-mail: [lsteffe@uga.edu](mailto:lsteffe@uga.edu) or telephone: (706) 542-4194. Completed applications received by **February 26** are assured full consideration, but the positions will remain open until filled.

**Local context:** The University of Georgia Department of Mathematics and Science Education consists of 11 full-time mathematics educators and 9 full-time science educators with research interests spanning learning, curriculum, teaching, teacher education, technology, and equity. In the mathematics education program we offer BSEd, MEd, EdS, and PhD degrees. We currently have multiple active NSF grants. We enjoy strong collaborative relationships with colleagues in the Mathematics Department, the Statistics Department, and area school districts. The College of Education consists of 9 departments and approximately 200 faculty members. The University of Georgia is a research-intensive university composed of 15 schools and colleges with approximately 33,000 students. Athens is a town of approximately 100,000 located 75 miles northeast of Atlanta.
